Security Password Menu

The Security Password Menu allows your EZ-Ranch cattle software to be secured from anyone who does not have access to the cattle account. This feature allows you to feel safe that all of your information is protected when your are away from the computer.

Main Menu

The screenshot shows the EZ-Ranch Management Menu interface. It features a dark blue background with a central menu area. On the left, there is a vertical sidebar with buttons for 'Cows', 'Calves', 'Steers', 'Bulls', 'Reports', 'Contacts', 'Setup', and 'Exit'. Below these buttons is a date display showing '3/28/2007'. The main menu area is a grid of eight buttons: 'Expenses / Income', 'Calving Cows', 'Cattle Purchases', 'Weaning Calves', 'Cattle Sales / Removal', 'Cattle Replacements', 'Breeding Cattle', and 'Working Cattle'. At the bottom, a status bar displays the following counts: 'Cows : 4', 'Calves : 2', 'Steers : 1', 'Bulls : 1', and 'Total Cattle : 8'.

EZ-Ranch Management Menu		
Cows	Expenses / Income	Calving Cows
Calves	Cattle Purchases	Weaning Calves
Steers	Cattle Sales / Removal	Cattle Replacements
Bulls	Breeding Cattle	Working Cattle
Reports		
Contacts		
Setup		
Exit		
3/28/2007		
Cows : 4	Calves : 2	Steers : 1
Bulls : 1	Total Cattle : 8	

This is the main control screen of EZ-Ranch software. It is used to gain quick access to cattle record and information. This is a very good menu to use when you have entered cattle data and would like to do the following:

- **Expenses and Income** - Track All ranch farm expenditures and income received for custom categories designed by you. Create professional itemized reports for tax preparation and filing. Use the search features to view or print any receipt or check number instantly. All reports can be generated monthly, quarterly, or annually by using the "Date Range" print menu. This allows multiple years of data to be stored for year to year comparison.
- **Cattle Purchases** - Easily Add a Cow, Calf, Steer or Bull by clicking this button. This feature will automatically "Add" a new animal and await you to enter all related information.
- **Cattle Sales/Removal** – This Feature allows you to "Sell" an individual or group of animals recording such information as Sale Weight, Gross Value, Marketing Cost, and Net Profit. You can also "Transfer an animal Out" of the herd and "Record Animal Deaths".

- **Breeding Cattle** – This feature allows you to breed an animal “Natural, Artificially, or Embryo Transfer”. You can also “Turn In” or “Remove” a bull from a group of cattle.
- **Calving Cows** – This feature allows you to calve an individual or group of cattle all from one screen.
- **Weaning Calves** - This feature allows you to wean an individual or group or cattle all from one screen.
- **Cattle Replacements** – This feature allows you to Promote an individual or group of calves to a “Cow”, “Steer”, or “Bull” all from one screen.
- **Working Cattle** – This feature allows you to “Move Cattle Locations”, “Medicate Cattle”, “Palpate Cows”, “Brand Calves”, “Dehorn Calves” and “Castrate Calves” all from on screen.

At the bottom of the Main Menu is a display of all active animals and a total of all cattle being maintained by the software.

Setup Menu

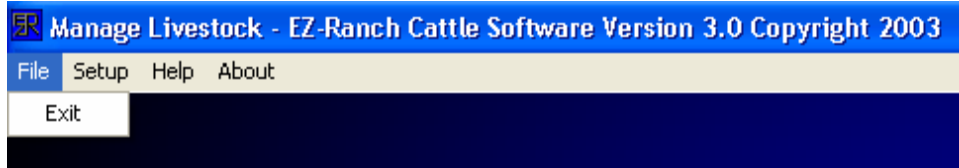

The Setup Menu allows you “Add” or “Remove” entries to each category. This data will display in a drop down list next to each field when prompted to be entered.

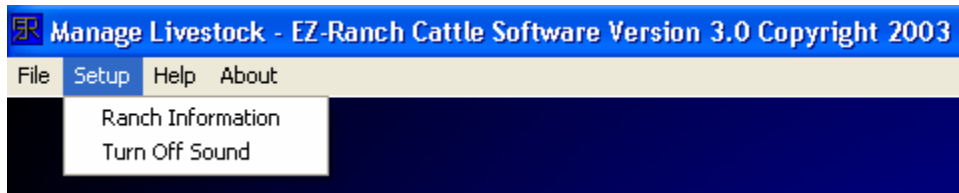

Next to some entry fields you will see an “Add” button.
By clicking this button you can instantly “Add” or “Remove” an entry to the drop down list for that category.

Main Menu Toolbar

Clicking on the “File” / “Exit” button you will be able to exit the EZ-Ranch Software.

Clicking on the “Setup” / “Ranch information” button you can enter your ranch information that will be displayed on the top of every report.

Clicking on the “Turn Off Sound” button you can Turn On or Off the sounds made by each menu button.

Clicking the “Help” button will display the EZ-Ranch User Manual that you are reading now. This manual can be printed for a hardcopy. Acrobat Reader is required to display this User Manual and can be downloaded free from the Internet or installed from the EZ-Ranch Cd.

Clicking the “About” button will display the EZ-Ranch company information including the Company Website and Phone Number.

This screen allows you to manage information about the Animal Selected.

- Clicking the “Animal Type” buttons on the left side of this menu allow you to view each type of animal to manage.
- Clicking the “Reports” button will display the reports screen allowing you to generate professional report on the information being tracked.
- Clicking the “Contacts” button will display all contact information for any individual or business related to the tracking of each animal, or ranch financial information.
- The “Setup” button will display the setup menu. (See Page 4)
- The “Back” button will display the main menu of the software.

- The “Tab buttons” which align the top of each menu will display the information listed on the button for that animal.
- The “New” and “Delete” buttons at the top of this menu allows you to “Add” or “Delete” an animal from the software.
- The “Left” and “Right” arrow buttons located between the “New” and “Delete” buttons allow you to toggle from one animal to another of the selected animal type. The “Left” arrow will display the prior animal, and the “Right” arrow will display the next animal.
- The “Addition” buttons located next to some entry fields allow you to “Add” or “Remove” displayed entries for the entry to the left of it. (See Page 4)
- The “Locate Animal” drop down menu located to the upper left of the screen will allow you to click and search for an animal of the displayed type by clicking on the Ear Tag Number of that animal.
- The “Picture” button located to the lower left of the screen will allow you load a picture of the animal displayed.
- Clicking any Title highlighted in “blue” will display detailed information of the entry to the right of it.

Adding Calving

The screenshot shows the 'Manage Cows' software interface. On the left is a vertical menu with buttons for 'Cows', 'Calves', 'Steers', 'Bulls', 'Reports', 'Contacts', 'Setup', and '< Back'. The 'Cows' button is highlighted. At the top left is a 'Locate Cow' dropdown menu. The main title 'Manage Cows' is in a large, stylized font. Below the title are buttons for 'New', '<', '>', and 'Delete'. To the right of these buttons is a status bar that says 'Active Cows : 1'. Below the status bar are several tabs: 'General', 'Calves', 'Breeding', 'Medical', 'Growth', 'Pedigree', 'Notes', and 'Move Hist'. The 'Calves' tab is selected. The main content area is titled 'Calves Produced' and contains a table with the following data:

EAR TAG	D.O.B.	SEX	STATUS	SIRE	BIRTH METH.	BW	ABW
10	1/5/2007	Heifer	ACTIVE	50	Natural Serviced		

Below the table, there are three buttons: 'Add New Calf', 'Edit Calf', and 'Delete Calf'. To the left of these buttons, there are two input fields: 'Total Calves : 25' and 'Calves Produced By : BETSY'. At the bottom left of the interface, the date '4/3/2007' is displayed.

This Menu displays all calves produced for the animal displayed. This Tab option is only available on the cows and bulls menu.

- To “Add”, “Edit” or “Delete” a calf information you simply click the appropriate button to the bottom right of the screen. You can also “Edit” the calf information by double-clicking the selected calf highlighted in blue
- The Calf entry menu that is displayed by the “Add” and “Edit” buttons to the bottom right of this menu is shown on page 9.
- Clicking the check boxes to the top left of this menu will display additional calf information such as “Weaning Information” and “Sales Information”.

Cow Breeding Menu

The screenshot shows the 'Manage Cows' application window. On the left is a sidebar with buttons for 'Cows', 'Calves', 'Steers', 'Bulls', 'Reports', 'Contacts', 'Setup', and '<Back'. Below these is a date display '4/4/2007'. The main area has a 'Locate Cow' dropdown at the top. Below it is a blue header bar with 'New', '<', '>', and 'Delete' buttons, and a status 'Active Cows : 1'. A tabbed interface shows 'General', 'Calves', 'Breeding' (selected), 'Medical', 'Growth', 'Pedigree', 'Notes', and 'Move Hist'. The 'Breeding Information' section contains a table with the following data:

PREG STAT	PALP DT	DATE BRED	MONTHS	EXP DUE DT	BREDO	BREED METH
Palpated Bred	1/4/2007	1/4/2007	2		50	Natural Serviced

At the bottom of the main area are 'Add', 'Edit', and 'Delete' buttons.

This menu displays all breeding information for the displayed cow. The buttons to the bottom of this screen allow you to “Add”, “Edit” or “Delete” breeding information.

The screenshot shows a 'Breeding Information' dialog box. It contains the following fields and controls:

- Breeding Information** header with a cow ID '25' and name 'BETSY'.
- Pregnancy Status**: Dropdown menu set to 'Palpated Bred'.
- Breeding Method**: Dropdown menu set to 'Natural Serviced'.
- Palpation Date**: Text field '1/4/2007' with a 'Today' button.
- Date Bred**: Text field '1/4/2007' with a 'Today' button.
- Months Bred**: Text field '2'.
- Bred To**: Dropdown menu set to '50'.
- Observed**: Dropdown menu.
- Exp. Due Date**: Empty text field.
- Comments**: Large empty text area.
- Buttons**: 'Ok' and 'Delete' buttons at the bottom.

Animal Medical Menu

The screenshot shows the 'Manage Cows' application window. On the left is a vertical menu with buttons for 'Cows', 'Calves', 'Steers', 'Bulls', 'Reports', 'Contacts', 'Setup', and '< Back'. The 'Cows' button is selected. Below the menu, the date '4/4/2007' is displayed. The main area has a title bar 'Manage Cows' and a 'Locate Cow' dropdown. Below this is a navigation bar with 'New', '<', '>', and 'Delete' buttons, and a status 'Active Cows : 1'. A tabbed interface shows 'General', 'Calves', 'Breeding', 'Medical' (selected), 'Growth', 'Pedigree', 'Notes', and 'Move Hist'. The 'Medical Information' tab is active, showing a table with columns: TREAT. DT, CAT., PERF. BY, MED., WITHDRAW, BOOSTER, and DOS. The table is currently empty. At the bottom of the main area are 'Add', 'Edit', and 'Delete' buttons.

This menu displays all medical information for the displayed animal. The buttons to the bottom of this screen allow you to “Add”, “Edit” or “Delete” medical information.

The screenshot shows a 'Medical Information' dialog box for animal 25, BETSY. The dialog has a title bar with a close button. It contains two main sections: 'Medial Information' and 'Treatment'. The 'Medial Information' section includes fields for 'Date Of Treatment' (with a 'Today' button), 'Category' (dropdown), 'Treatment Cost', and 'Performed By' (dropdown). The 'Illness' section includes 'Diagnosis' and 'Temperature' fields. The 'Treatment' section includes 'Medication' (dropdown with a '+' button), 'Withdrawal Date', 'Booster Date', 'Dosage', 'Route' (dropdown), and 'Location' (dropdown). A 'Comments' text area is at the bottom. At the very bottom of the dialog are 'Add', '<', '>', and 'Delete' buttons.

Animal Growth Menu

The screenshot shows the 'Manage Cows' application window. At the top, there's a 'Locate Cow' dropdown menu. Below it, a sidebar on the left contains buttons for 'Cows', 'Calves', 'Steers', 'Bulls', 'Reports', 'Contacts', 'Setup', and '<Back'. The main area has a title bar 'Manage Cows' and a toolbar with 'New', '<', '>', and 'Delete' buttons. A status bar at the top right shows 'Active Cows : 1' and a printer icon. Below the toolbar, there are tabs for 'General', 'Calves', 'Breeding', 'Medical', 'Growth', 'Pedigree', 'Notes', and 'Move Hist'. The 'Growth' tab is selected, displaying 'Animal Growth Measurements' for cow 'BETSY' (ID 25). The form is divided into four sections: 'Birth Information' (Date Of Birth, Birth Weight, Adj. BW, Height), 'Weaning Information' (Date Weaned, Date Weighed, Weaning lbs, Adj. WW, Height), 'Yearling Information' (Yearling Date, Date Weighed, Yearling lbs, Adj. YW, Height), and 'Mature Information' (Mature Date, Date Weighed, Mature lbs). Each field is represented by a text input box. At the bottom left of the sidebar, the date '4/14/2007' is displayed.

This Menu displays the growth information of the displayed animal.

Backup / Restore EZ-Ranch Files

Here is a list of instructions to make a backup of the EZ-Ranch Software files in the case of a computer crash or moving the latest entries from one computer to another.

***Warning** - Following these simple steps will overwrite any existing information that resides in the “Destination” EZ-Ranch Folder.

- Please make sure that you never attempt to enter different entries on multiple computers and attempt to combine information. This process cannot be done.
- Always make sure that you are performing a backup on the computer with the latest entries entered before restoring to a different computer.
- When you restore files from a backup, all existing entries will be overwritten.

Steps for backup of EZ-Ranch Software

1. Make sure that the EZ-Ranch software is not open and running.
2. Click on the “Start” button located at the lower left hand corner of the screen.
3. Click on the “My Computer” icon listed on the Windows menu.
4. Double-Click “Local Disk C:” listed under the “Hard Disk Drives” heading.
5. On the right window, locate and Double-Click the folder named “Program Files”.
6. Within this “Program Files” folder locate the folder named “EZ-Ranch” and “Single-Click” it.
7. While the “EZ-Ranch” folder is highlighted in blue, Click on “Edit”, then “Copy” located at the top left of this screen.
(It will seem as if nothing happened when you do this but continue on to the next step)
8. Click the “<-Back” Button 3 times. This button is located at the top left of this screen under the “Edit” command used in step 7.
9. You should be back to the screen showing all available Drives and Removable Storage devices.
10. Now you will select the “Drive” and “Location” to backup the copied folder to.
11. If you want to copy this backup to a “CD-R” follow Steps (A-E)
 - A. Place a Blank CD-R in your CD-Burner drive.
 - B. Double-Click the Drive letter of the CD-Burner.
 - C. Click the “Edit”, then “Paste” located at the top left of the screen.
 - D. After the paste process has completed, click “File”,
“Write these files to CD”.

- E. Click the “Next” button two times until the backup is complete.
12. If you want to copy this backup to a folder, Double-Click until you have reached the desired destination folder or drive. Click on “Edit”, then “Paste”. This will paste a copy of the EZ-Ranch folder to this location.

Load Image

Livestock images must be in bitmap(.bmp) format before they can be loaded. A simple way to do this is to open the images in MS-Paint and re-save them as a bitmap image ex. (livestockimage.bmp). “.bmp” format can be selected by pressing the drop down utility box named “Save as type” and select “24-bit Bitmap Image”. Once the images have been saved as this format, you will see them appear in the EZ-Ranch image load menu.
